FLAT WIRE BELTING

AND CUSTOM MANUFACTURED DRIVE SPROCKETS - IN STOCK NOW

Custom "Agrathane" sprockets are more durable and abrasion resistant than UHMW and steel, with multiple options for row-tooth spacing and pitch.

These belts are suitable for demanding applications including harvesting of spinach and other salad crops. Sprocket driven stainless or galvanized carbon steel belts can handle the heavy loads, are durable, long-lived, and easily maintained.

- HANDLES EXTREME TEMPERATURES & HEAVY LOADS
- 3 OPENING MESH SIZES: 1"x1" - 1/2"x1" - 1/2"x1/2"
- UNIFORM TENSION UP TO 550 LBS. PER FOOT WIDTH
- FRICTION OR SPROCKET DRIVEN
