

25 *Gallon* SPOT SPRAYER

Sprayer Features:

Features a robust Everflo 2.2 GPM 12V on-demand diaphragm pump.
Easily move with quick grip handles built into the UV resistant tank.
Includes 15 feet of hose to spray gun that gives more flexibility for those hard to reach areas.
Accessible molded in drain port.
Comes standard with 12v wire harness that features an alligator clamp connection.
Approved for use with Round-Up® and other agricultural brand herbicides and insecticides.
Backed by a two-year warranty on pump & components.
Can be used with UTVs and other means of transportation with some modifications.

Spot Spraying:

Reaches up to 25 feet vertically and 30 feet horizontally from the comfort of your seat.
As applications change, quickly adjust the nozzle from a steady stream to a wide mist.
Traditional spray gun features a trigger lock to reduce hand fatigue and an in-handle filter for increased durability.

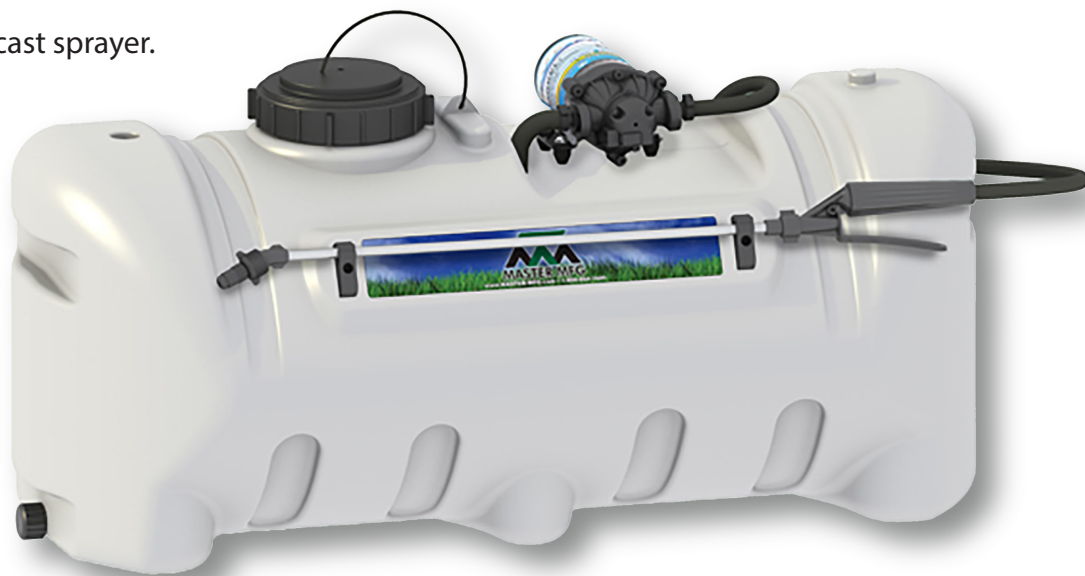

Broadcast Spraying:

This spot sprayer can be converted to a broadcast sprayer. Speak to our sales team for more information.

Coverage:

This 2.2GPM 25 gallon spot sprayer is designed to handle low volume isolated spraying applications. Easily tackle weeds, trees, fence lines, livestock and similar applications.
